

2025 GIFT-GIVING  
**IMPACT REPORT**

In partnership with Gifts for Good

Through thoughtful gift-giving, MCG Strategic turned expressions of appreciation into real-world impact for communities and causes.

# PROTECTING THE ENVIRONMENT

 35 feet

OF SEAGRASS WERE RESTORED TO  
REGENERATE THE HEALTH OF THE  
OCEANS

A woman wearing a yellow headband and a dark shirt is smiling broadly while holding a traditional farming tool. She is standing in a field of tall green grass. The background is a soft-focus field of similar grass.

MCG Strategic has turned the simple act of giving a gift into a force for good — creating measurable impact for people and the planet.

# Thank You Notes from Recipients

“Your kindness & generosity are much appreciated. I feel grateful that this gift can be used to provide warmth & comfort to children who truly need it.”

“This is such a worthy cause. It saddens us to see people alone in clinic. We often wonder how they get to and from because it's often not possible for someone to drive themselves. Thanks for including this option.”

“What a wonderful gift idea! Thank you for being so thoughtful to use your gift to bless a community in need of clean water.”

“I love this charity [Best Friends Animal Society] and have supported them in the past. Thank you for the opportunity to support this worthy cause!”

MCG Strategic, on behalf of the entire team at  
Gifts for Good and our cause partners...

# Thank you for *Doing Good* with us!
